Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance: ✓

With reference to claims 1-69, the prior art of record does not disclose or clearly suggest a method for providing feedback to the operator of a portable coordinate measurement machine which measures the position of an object in a selected volume, the CMM including a manually positionable articulated arm having opposed first and second ends, said arm including a plurality of joints, a measurement probe attached to a first end of said articulated arm and an electronic circuit which receives the position signals from transducers in said arm and which provides a digital coordinate corresponding to the position of the probe in a selected volume comprising sensing deformation of a portion of said articulated arm when said arm is placed under a load, said deformation being an indication of the magnitude of the external force being applied to such arm; and providing feedback to the operator of the CMM in response to said sensed external force, in combination with the remaining limitations in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
